## **FOLLOWING A DEATH**

### **Register the Death**

Contact your local registry office to book an appointment, the registry office will guide you on the information you need to bring with you. Ask the registry office about the 'Tell Us Once Service', this helps tell all government organisations about the death.

### **Arrange The Funeral**

We will do everything for you. We will talk you through each step in detail and confirm everything in writing. We will also arrange the music, order of service, flowers and any other request you may have.

### **Life Insurance Companies / Pre Paid Funeral Plan**

If your loved ones has life insurance policies or a pre paid funeral plan, please contact them to inform them of the death.

### **Reading The Will and Probate**

The executors of the Will now need to start the probate process if needed, if you are unsure about this process we can give you advice.
